

## Learning Platforms and Assessment at FISC

### Remote Learning

Our staff are working extremely hard to develop appropriate resources that will enable learning to take place for our students. Staff are collating learning resources to ensure they do their best to cater for all students. This has been a very challenging exercise as they are working to very tight time constraints. Your understanding and patience is appreciated.

FISC teachers will be providing ongoing remote learning to students via the learning platforms that are listed below. Staff will be accessible for their timetabled **Year 12 and Year 11 sessions as of Monday March 30<sup>th</sup>**. When using learning platforms, students need to be **respectful of each other and of their teachers**; not only in the way in which they post comments and questions, but also in allowing teachers a reasonable amount of time to respond to questions (see link below for further details about remote learning). Please **do not expect additional interactions outside of working hours and to be patient and mindful** when waiting for support and feedback

<https://education.nsw.gov.au/teaching-and-learning/curriculum/learning-from-home>

**IMPORTANT: it is vital students exercise online etiquette when communicating to staff and fellow students. 'Online etiquette' is very broad but generally speaking our expectation means students will uphold **FISC values: Respect, Aspiration, and Responsibility**.**

While we do not anticipate any issues with FISC students in this area please remember students are required to meet Department of Education technology usage policies at **ALL** times. In addition, please remember the 'online or remote' learning is **only for current FISC students**.

### Students with Major Works

Students who need to access materials and/or equipment related to major works can make arrangements with their teacher(s) to receive such support here at the College.

**Year 10 students** will receive a package early next week. This will contain a letter with instructions to complete work, google codes and additional information. Completed 'booklets' can either be emailed to the College (email address below) or dropped off at the front office where they will be passed onto class teachers.

**NOTE: Any visitor (student/parent) to the College MUST enter and exit via the front office as per our normal process. Please do NOT enter the College by any other entrance or expect to gain access to any other area of the College. Your understanding in this matter is appreciated.**

The **school canteen will not** be operating until further notice.

## Technology

If your child does not have access to an adequate device or the internet to enable them to engage in remote learning please either email the college [fiveislands-h.school@det.nsw.edu.au](mailto:fiveislands-h.school@det.nsw.edu.au) or call the college on 42740621 and leave;

- a) Student first and last name and Year group
- b) A brief message outlining the issue
- c) Name and details of contact person

We will collate this information and consult the Department with a view how we can best support our students.

***Again, it is important for you and your child to remember that teachers will be communicating with a large number of students and their families, managing technology, and preparing work for remote/online learning and that your communications should be meaningful and short. You may also need to remind your child to be patient when waiting for support or feedback.***

The learning at home website provides useful advice for students, parents and carers regarding working at home arrangements:

<https://education.nsw.gov.au/teaching-and-learning/curriculum/learning-from-home/advice-to-parents-and-carers>

The Headspace website provides a range of resources to support wellbeing during this time: <https://headspace.org.au/young-people/how-to-cope-with-stress-related-to-covid-19/>

I would like to again thank and acknowledge the dedication, commitment and hard work of the teaching and support staff at Five Islands Secondary College who are making adjustments and accommodations to their regular teaching practices due to the current COVID-19 uncertainty. I would also like to extend my thanks and gratitude to our students and parents who have been so supportive and understanding.

Regards

The Whole College Staff
